SAFETY QUESTIONS*

Safety in Electronic Communication *

Due to new safety guidelines we need permission from parents to contact anyone under the age of 18 via email, text message (remind app, they sign up themselves) or via social media. The safety of our children is the number one priority! Electronic communication is the best way to contact teens in this electronic era. With that in mind, do we have permission to contact your teen via email, text message and or social media? Note-Many students prefer to email their papers instead of turning in a hard copy. This allows them to do that.

- Yes, you may contact my child via electronic communication.
- No, you may not contact my child via electronic communication.

Photo Release *

Please note-names will never be printed or tagged on pictures without another signed approval. This is only for untagged/unnamed photos in publications such as the bulletin or on the Parish Facebook page.

- Yes-I give St. James Catholic Parish permission to publish in print, electronic, or video format the likeness or image of my child. I release all claims against the parish with respect to copyright ownership and publication including any claim for compensation related to use of the materials.
- No-I do not give St. James Catholic Parish permission to publish in print, electronic, or video format the likeness or image of my child.
